

US History Summer Assignment  
2018-2019

Read: *Narrative of the Life of Frederick Douglass, an American Slave* by Frederick Douglass

(This book can be found in the iBookstore for FREE)

Assignment:

Throughout the narrative Douglass makes several important points over and over. As you read the narrative **take notes** about each of these topics. Include quotes, insights, personal reflections, and questions. (*Helpful hint:* annotate in your book in different colors to help quickly locate information on these points later on).

1. Justice for slaves (and all men of color) is different from justice for whites
2. No one can be enslaved if she or he has the ability to read, write, and think
3. Slaves were treated no better than, sometimes worse than, livestock
4. By encouraging depravity men come to learn to hate freedom
5. The Christianity of the slaveholders is hypocritical and used to justify their actions
6. White men fear that men of color will steal their jobs if they are educated and learn how to perform the job

When you are finished reading the autobiography chose 4 of these points to discuss in short written responses. Each response should be 2-3 typed paragraphs in length and site specific passages in the text (no 1 citation/anecdote should appear more than once). Your response should attempt to summarize what Douglass is attempting to convey to the reader and also your own understanding from the reading.

Use [in-text citations](#) when you are citing a quote or paraphrased passage from the book. For this work the citations would look like this: (Douglass 57) with the number representing the page (note: page numbers will differ depending on the version and medium of your book).
